

BUILDING EQUALITY ALLIES TOOLBOX TALK LAUNCH KNOWLEDGE SHARE & COLLABORATION

DATE & TIME
THURS 18 FEB 2021
15.00 - 16.00

Knowledge Share and Collaboration - Allies Toolbox Talk Launch

Join Building Equality Greater Manchester as they launch the Allies Toolbox Talk, which aims to support allyship of the LGBTQ+ community within construction, engineering and built environment.

'Allies Toolbox Talk Launch - Thursday 18 February, 15.00 - 16.00 - [register to the webinar here](#).

Our Allies Toolbox Talk is aimed at educating our workforce - to empower colleagues across the industry to become active allies. This free resource explores the importance of allies and how individuals and business can make a positive difference through small changes; alongside introducing LGBTQ+ terminology to widen understanding and knowledge of the community including the day-to-day challenges and issues that we still need to overcome.

We invite Kathleen Harrison, Jacobs, and Joelle Ivett, Arcadis, to present our Allies Toolbox Talk - where we will explore how you can 'live' being an ally, through useful hints and tips and how your organisation can facilitate allyship to create inclusive work environments.

Education is key to our success. We believe in the power of education and understand the need for LGBTQ+ allies within our industry, and society. This resource will provide a comprehensive overview and understanding of the LGBTQ+ community and the role that allies play in facilitating greater tolerance, acceptance and equality.

The event is open to all, LGBTQ+ and allies, Building Equality members and otherwise. This event is not to be missed.
