KEEP DOING YOUR BIT FOR GREATER MANCHESTER

**Sign up by
12 April 2021**

**Free Rapid COVID home testing
kits to keep staff safe**

For information and advice about COVID-19
manchester.gov.uk/coronavirus

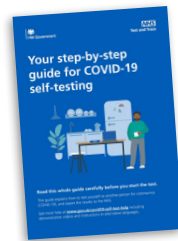

If you employ more than 10 staff and you can't offer rapid COVID testing for people with no symptoms on-site, then register to receive Free Rapid Home Test Kits, to help keep your staff and their families safe from COVID-19.

Register here www.gov.uk/get-workplace-coronavirus-tests before the Monday 12 April 2021 deadline.

You can then:

- Order home test kits online to distribute to your staff, with instructions about how to take the test.
- Your staff can then complete the home test, before reporting their results to the NHS using the provided gov.uk address.

Lateral Flow Device (LFD) testing rapidly detects the virus in 30 minutes.

By taking part in the testing programme you are helping to break chains of transmission and suppress the virus.

Employees who test positive should:

- Report the results directly to the NHS
- Advise their employer of a positive result
- Take a confirmatory PCR test

Support for people self-isolating

When people have been told to self-isolate by NHS Test and Trace and their income has been affected, they could be eligible for a one-off support payment: manchester.gov.uk/selfisolationpaymentscheme

Employers with fewer than 10 people and anyone who lives and works in Manchester, who can't work from home and whose organisations (employers) don't have an asymptomatic testing system in place, can access regular testing through Manchester's asymptomatic testing programme, with dedicated sites across the city. To book an appointment call: **0161 947 0770 or 0800 0924020**. Slots are available from Monday to Saturday, and can be arranged to fit work and shift patterns.

For more information visit www.manchester.gov.uk/coronavirus
This facility is also offered to any other business (regardless of size) in the interim while they wait for home test kits, or if there is any other issue.

To report two or more cases of COVID-19 in your workplace, or for advice about cases:

Email: eh.testandtrace@manchester.gov.uk

People with COVID symptoms should book a free COVID PCR test by calling NHS 119 or nhs.uk/coronavirus
