

pro-manchester

Green Tech conference 2026

Thursday 26th February 2026

sponsorship opportunities

What is pro-manchester's Green Tech Conference?

Greater Manchester is committed to becoming the world's first zero carbon region by 2038.

That huge ambition brings with it exciting opportunities for innovation, upskilling and economic growth.

pro-manchester's Green Tech Conference will welcome a wide range of companies developing innovative new technologies to lower emissions, reduce our carbon footprint and improve our environment.

Throughout the day we will also hear from innovators, professional advisors, policymakers and training providers to understand how everyone can benefit from these developments.
