Introduction

We're a growth network for ambitious businesses across Greater Manchester. We're member-powered and relentlessly focused on helping you connect, develop and shape what comes next for our region.

Membership is designed to create opportunity, so you can have the right conversations and gain valuable insights through the platforms that matter. It also helps increase your visibility with the people who can help you grow.

Personalised activity calendars

We'll work with you to build a simple, focused action plan for the year, matching your priorities to the activities in the network that will have the most impact.

As a movement powered by its members, we shape activity calendars around what businesses need and want to know. We listen, adapt and act on what matters most so you get maximum value from your membership This also helps raise your profile across the business community.

Introductions

Relationships underpin growth, and we make them happen.

Share who you want to meet from our member list – whether that be clients, partners, talent or collaborators – and we'll make targeted introductions virtually and in the room at events.

Events

Get free access to a high-quality programme of events and webinars that attract over 10,000 delegates a year. Our events run across a range of sectors and focus on themes that matter to Greater Manchester's growth.

You'll be in the mix with senior decision-makers and rising talent, building relationships, staying close to what's changing to help you spot opportunities early.

PR & marketing

Use our channels to raise your profile across the Greater Manchester business community.

Our newsroom allows members to publish news, stories and events free of charge to our growth network. You can also take advantage of our newsletter, shared with over 20,000 subscribers and help shape the content for our blogs. This will also support you to stay visible and credible with the people who matter.

SME Club

The SME Club provides free, practical support for small and medium-sized businesses across Greater Manchester. The club shares useful tools and insight to help SMEs accelerate growth and achieve their ambitions at pace.

As a pro-manchester member, you'll have a clear route to visibility in front of an audience that matters. You can contribute expert advice that helps build brand awareness and credibility, opening opportunities to attract new business. Member content for the SME Club is distributed to over 10,000 SMEs, giving you a direct channel into the region's growth community.

Committees

Our committees and programmes bring together member firms, local industry representatives and Greater Manchester's influential strategic partners. Together, they focus on the growth sectors and objectives shaping the region.

As a member, you can get involved by contributing ideas and helping set priorities that drive long-term success for our business community.

Speaking opportunities

Members have opportunities to speak at our events and webinars. We'll help shape the session and make sure it reaches and resonates with the right audience.

And where it makes sense, we'll pair you with other ambitious members to spark conversations that make a real impact.

Supporting future talent

Building future talent is a priority for every business. Our network is a hands-on, practical way to develop the people who will shape what's next in Greater Manchester.

Through our dedicated future-pro and our wider development programmes, emerging and early-career professionals gain the skills, confidence and commercial insight to thrive. They connect with peers, learn directly from senior leaders and build relationships that accelerate their careers and drive growth for your business.

Greater Manchester engagement

We work at the heart of the Greater Manchester business community, convening leaders and collaborating with stakeholders to support the region's strategic ambitions.

For members, that means clearer routes into the conversations that matter, and a network that creates the conditions for growth in the region.
